THE LOSS

Date of loss: **13 September 2025**
Time of loss: **overnight, discovered 14 September 06:20**
Loss location: **19400 East 32nd Parkway, Aurora, CO 80011**
Country: **United States**
Cause of loss: **Theft — forced entry to a job trailer and a shared container**

Description of loss:

The padlock on the insured's job trailer was cut and a shared conex container was breached at a ground-up distribution building where the insured is the mechanical subcontractor. Tools were taken from the trailer and installation material from the container and the laydown: copper tube staged for the domestic water rough-in, press fittings and brass valves, pre-insulated copper, and four packaged condensing units. Two further condensing units were dropped and left with crushed fin coils, and about 30 feet of temporary power cord was cut and stripped.

Property affected:

Ridgid 1224 threading machine and Ridgid 918-I roll groover, both scheduled; two press tools; four cordless kits, band saws, rotary hammers and core drills; two thermal imagers and an air balancing hood; an engine drive welder; 1,400 ft of type L copper; press fittings and brass valves; 600 ft of pre-insulated copper; four Trane condensing units

Injuries: **0**
Fatalities: **0**
Business interruption: **No — but the copper drives a three-week re-order**
Structural damage: **No**
Environmental exposure: **No**

FINANCIAL

Currency: **USD**
Estimated loss: **224,300**
Repair estimate: **224,300**

ADDITIONAL

Incident reference: **BMS-AUR-2025-0044**
Police reference: **APD-2025-0227418**
Authorities involved: **Aurora Police Department**
Potential litigation: **None indicated**
