THE LOSS

Date of loss: **14 November 2025**
Time of loss: **13:05 MST**
Loss location: **Interstate 10 westbound, milepost 168, near Casa Grande, AZ**
Country: **United States**
Cause of loss: **Fire — hydraulic line failure onto the exhaust while in transit**

Description of loss:

A 2023 Caterpillar 349 excavator was being moved on the insured's own lowboy trailer from its Mesa satellite yard to a job site in Buckeye. The driver saw smoke from the engine compartment at highway speed, pulled onto the shoulder and found flame at the turbocharger and exhaust manifold. A hand extinguisher had no effect. Casa Grande Fire Department attended. The fire consumed the engine compartment, the hydraulic system, the cab and the wiring harness.

Property affected:

Scheduled Item 001, a 2023 Caterpillar 349 hydraulic excavator, serial CAT0349FKMBX2117, constructive total loss; a tilt-rotate bucket and hydraulic thumb; Trimble GNSS machine control components; transport chains, binders and the trailer rub rail
