

MOTOR ASSESSOR'S REPORT

Monocacy Vehicle Assessing · Our reference MVA-2026-0318

INSTRUCTIONS

Instructed by:	Greenbel Risk Services, LLC
On behalf of:	Larkspur Landscaping & Grounds Management, LLC
Policy number:	
Author:	Casimir Oyelaran-Fenwick, AMIMI
Instructed by:	Greenbel Risk Services, LLC
Instructed on:	16 March 2026
Inspection:	17 March 2026, Mid-Atlantic Truck Centre and Frederick Towing
Scope:	Own damage assessment and settlement basis

VEHICLES, PLANT AND THIRD-PARTY PROPERTY

Unit 7:	2021 Ford F-550 dump body, likely total loss
Trailer:	20 ft equipment trailer, overturned
Plant:	Bobcat T770 compact track loader, uneconomic to repair
Plant:	Walk-behind trencher
Third party:	Ballenger Creek Auto & Tyre building; Potomac Edison pole 44-1182

MOTOR ASSESSOR'S REPORT

Circumstances and findings

CIRCUMSTANCES

Circumstances:

A commercial landscape maintenance and snow management contractor operating fourteen trucks, nine trailers and associated plant across three Maryland counties. The combination was in transit to a residential HOA contract.

FINDINGS

Findings:

The F-550 has sustained frontal and offside impact damage with chassis rail deformation aft of the front axle. Repair cost is assessed at USD 71,400 against a pre-accident value of USD 62,000, so the vehicle is a constructive total loss. The trailer is repairable at USD 9,800. The Bobcat T770 has cab, boom arm and undercarriage damage; the dealer assesses it as uneconomic to repair at USD 68,000 against a replacement of USD 74,500. The trencher is repairable at USD 4,200. The primary cause is attributed by the attending troopers to an unidentified vehicle that failed to stop.

Date of loss:	14 March 2026
Cause of loss:	Collision — avoiding action, trailer jackknife and departure from the roadway
Incident reference:	LLG-2026-0314
Injuries reported:	1

MOTOR ASSESSOR'S REPORT

Preliminary quantum and reserve advice

PRELIMINARY QUANTUM

Basis:

The figures below are preliminary and are given for reserving purposes only. They are subject to verification and may move as the investigation continues.

2021 Ford F-550, constructive total loss:	USD 62,000
20 ft equipment trailer, repair:	USD 9,800
Bobcat T770 compact track loader:	USD 68,000
Walk-behind trencher, repair:	USD 4,200
Towing, recovery and storage:	USD 8,900
Estimated loss:	320,000
Currency:	USD

ON THE PLANT

Comment:

The track loader and the trencher are contractors plant carried on the trailer at the time of loss. Whether they respond under the motor policy or under a separate plant floater depends on the placement, which this assessor has not seen.

RECOMMENDATION

Recommendation:

Settle the F-550 on a total loss basis. Obtain the insured's plant cover position before the Bobcat is disposed of.
