Building B:	Two storeys, at rough-in — copper and condensing units
Building C:	Commons, at framing — no damage observed
Existing structure:	Former clinic under renovation to a therapy wing
Site:	Trailers, conex, light towers, temporary power, cameras

POLICE INCIDENT REPORT

Circumstances and findings

CIRCUMSTANCES

Circumstances:

An active construction site with no street number posted at the time of the offence. The site was identified by the reporting party as the Northfield Senior Living construction project. Three buildings are under construction and a fourth existing single-storey structure is undergoing renovation on the same parcel. The reporting party identified the owner as Sundale Property Group of Tulsa and a second entity as Northfield Senior Living Partners, and stated that the site is fully fenced and that a nightly security patrol is contracted.

FINDINGS

Findings:

A section of chain link fence fabric approximately eight feet wide was cut vertically and folded back adjacent to the north-east gate. Tyre impressions in frozen ground inside the fence line were photographed and cast where possible. Damage was documented across Buildings A and B and the existing structure. Two of six site cameras were spray-painted over; the reporting party confirmed on 5 January that footage from the remaining four had been exported. The security patrol log records a drive-through at 21:50 on 3 January and the next at 05:30 on 4 January, at which point the damage was discovered. Latent prints were lifted from the pried electrical panel doors and the conex locking bar, and a pair of bolt cutters was recovered in tall grass outside the cut fence section.

Date of loss:	3 January 2026
Cause of loss:	Malicious damage and theft
Incident reference:	HAL-NSL-2026-0004
Injuries reported:	0

POLICE INCIDENT REPORT

Preliminary quantum and reserve advice

PRELIMINARY QUANTUM

Basis:

The figures below are preliminary and are given for reserving purposes only. They are subject to verification and may move as the investigation continues.

Reporting party's preliminary estimate, range: **USD 340,000 to 420,000**

Building A — drywall, doors, graffiti, hoists: **USD 148,000**

Building A — copper, panelboards, sprinklers: **USD 96,000**

Building B — copper wire and condensate piping: **USD 84,000**

Existing structure and site works: **USD 52,000**

Estimated loss: **380,000**

Currency: **USD**

VALUATION AND EVIDENCE

Comment:

The figures above are the reporting party's estimate and are recorded as such; no independent valuation has been performed by this department. Latent prints, the tyre casts and the recovered bolt cutters have been submitted for processing and the case remains open with the Detective Bureau.

RECOMMENDATION

Recommendation:

The reporting party was advised of the case number for insurance purposes and provided with a copy of this report on request.
