COVERAGES

COVERAGE A - BODILY INJURY AND PROPERTY DAMAGE LIABILITY. We pay sums the insured becomes legally obligated to pay as damages because of bodily injury or property damage caused by an occurrence in the coverage territory during the policy period, and we have the right and duty to defend suits seeking such damages. Property damage caused by water escaping from piping, fittings, valves, coils, condensate systems, hydronic systems or fixtures installed, serviced, replaced or worked upon by the insured is covered as an occurrence, subject to the Water Damage Loss Control Condition and to the "your work" exclusion as modified by the subcontractor exception.

COVERAGE B - PERSONAL AND ADVERTISING INJURY LIABILITY.

COVERAGE C - MEDICAL PAYMENTS - expenses incurred and reported within one year of the accident.

SUPPLEMENTARY PAYMENTS - defense expenses, bail bonds to \$ 2,500, loss of earnings to \$ 500 per day, court costs, and pre- and post-judgment interest, all in addition to the limits.

EXCLUSIONS AND LIMITATIONS

In addition to the standard Coverage A exclusions (expected or intended injury; contractual liability other than insured contracts; liquor; workers compensation; employer's liability; pollution; aircraft, auto and watercraft; war; damage to property owned, rented, occupied or in the care, custody or control of the insured; damage to that particular part of real property on which operations are being performed; damage to "your product"; damage to "your work" subject to the subcontractor exception; impaired property; recall; electronic data; and statutory distribution of material), the following apply:

1. **PROFESSIONAL SERVICES EXCLUSION (FRM-PROF 410).** No coverage for liability arising out of the preparation, approval or failure to prepare or approve any design, drawing, specification, load calculation, equipment selection, energy model or engineering report, or the provision of design-build or design-assist services. Coverage is written back for the ordinary means and methods of installation performed by the insured's own forces.
2. **ABSOLUTE MOULD, FUNGI AND MICROBIAL MATTER EXCLUSION (FRM-MOLD 420).** This exclusion applies whether or not the mould, fungi or microbial matter results from an otherwise covered water event.
3. **ROOFING AND HOT WORK LIMITATION (FRM-ROOF 425).** No coverage for property damage caused by fire arising out of any torch, open flame, kettle, heat gun or other hot work performed by the insured on or within three (3) feet of any roof surface, unless a written hot work permit was issued, a fire watch was posted during the work and for sixty (60) minutes afterward, and a final inspection was documented.
4. **REFRIGERANT RELEASE LIMITATION (FRM-REF 430).** Property damage and clean-up arising from the release of refrigerant is sublimited to \$ 250,000 per occurrence and \$ 500,000 aggregate.
5. **WATER DAMAGE LOSS CONTROL CONDITION (FRM-WTR 435).** It is a condition of coverage that: (a) all pressure testing of hydronic, chilled water, domestic water and fire protection piping installed by the insured is performed only during working hours with the insured's personnel present and with the building water supply attended; (b) systems are not left pressurised and unattended overnight or over a weekend unless leak-detection with automatic shut-off is installed and operational; (c) a written test record is completed and signed for each system; and (d) the general contractor is notified in writing before any system is filled or charged. Where the insured fails to comply, the self-insured retention applicable to any resulting water damage claim is increased to \$ 100,000.
6. **RESIDENTIAL AND HABITATIONAL LIMITATION (FRM-RES 440).** No coverage for new construction of for-sale single family dwellings, townhomes or condominiums; service, repair, replacement and tenant-improvement work in habitational occupancies is covered.
7. **SUBSIDENCE AND EARTH MOVEMENT** arising out of trenching, excavation or backfill performed by the insured (FRM-SUB 445).
8. **SILICA, ASBESTOS and LEAD (FRM-SIL 450).**
9. **COMMUNICABLE DISEASE (FRM-CD 455), CYBER AND DATA LIABILITY (FRM-CYB 460), and EMPLOYMENT-RELATED PRACTICES (FRM-EPL 415).**
10. **CROSS-SUITS.** No coverage for claims made by one insured against another insured, except for a claim arising out of bodily injury to an employee of one insured brought against another insured.

 Colorado Construction Defect Notices: cdnotice@frontrangemutual.example
2. WATER AND REFRIGERANT EVENTS. Any escape of water or release of refrigerant from work performed by the insured must be reported within twenty-four (24) hours of the insured becoming aware, together with the system test records, the name of the technician, the work order number, and photographs of the failed component. The failed pipe, fitting, valve, coil, hose or component must be preserved and not discarded.
3. COLORADO CONSTRUCTION DEFECT ACTION REFORM ACT. Any Notice of Claim received under C.R.S. 13-20-803.5 must be forwarded to us within seven (7) days of receipt, together with the underlying contract and any inspection reports.
4. COOPERATION. The insured must cooperate in the investigation and defense, must not voluntarily make any payment or assume any obligation except for first aid, and must forward all legal papers immediately.
5. OTHER INSURANCE. This insurance is excess over any installation floater, contractors equipment floater, builders risk or property insurance covering the same loss, and over any coverage available to the insured as an additional insured on another party's policy, except where a written contract executed before the occurrence requires this policy to be primary and non-contributory.
6. PREMIUM AUDIT. Annual audit of payroll records. The insured must retain certified payroll and subcontractor certificates for three (3) years.
7. LEGAL ACTION AGAINST US, SEPARATION OF INSURED, and TRANSFER OF RIGHTS OF RECOVERY apply as stated.
